Event details—description
1. Add your event information here
2. **Disabled facilities**: please complete for your venue. This is published in the programme. For University of Cambridge venues, check details on the Disability Resource Centre website: [http://www.disability.admin.cam.ac.uk/building-access-guide](http://www.disability.admin.cam.ac.uk/building-access-guide)
3. The **short description** is published in the printed programme—400 characters or less (~30 words). If you would like the name of your speaker and/or your department in the programme, please ensure you add this to the text. Occasionally we have to edit this text for house style to fit it into the programme. If we make substantial changes we will contact you to authorise these.
4. The **long description** is used for the website. You are welcome to repeat the short description text but as there is no maximum word count, you can also include additional information, links to your website etc. Do keep in mind that this is still an event listing that needs to entice and excite—no essays please!
5. **Cost of event**, please add “free” here or the full cost of attending (including any booking fees or associated entry charges). Almost all events within the Festival are free to attend. If you plan on charging for your event please get in touch with us. We are unable to take paid bookings on your behalf.
6. Include the **capacity** of your event if relevant. This information is not visible on the website but used if we need to set up event booking for you.
